From: Steve Simons, Fire Chief
Date: September 18, 2019
Subject: Public Hearing to Consider Final Budget for Fiscal Year 2019/2020

Background

The Fire District is required to adopt a final budget prior to October 1st of each year. The District has been operating under the spending authority of a preliminary budget since July 1st.

To create this budget the District used priority based budgeting. As part of this process, employees from all levels of the District have participated. Changes from the preliminary budget to the final budget are indicated with a **red border**.

Revenues

The District's largest revenue source is Property Taxes which includes voter-approved Special Taxes and Benefit Assessment. Upon contacting El Dorado County, they estimate the property tax distribution figure to be \$874,786 (excluding the special taxes and benefit assessment).

Expenditures

The District's biggest expense is professional services, which covers 17% (1/6) of salaries and benefits for North Tahoe Fire safety staff. All shared expenses with North Tahoe Fire are indicated by **green text**.

There are no capital purchases proposed for this year.

Conclusion

This document includes contributions from many District personnel; from firefighters and admin staff to chief officers. This cooperative process across the entire District has helped to create a budget document with ownership and acceptance throughout the organization. District staff believes, given the information available, the document will ensure the District's ability to remain financially solvent.

Should any unforeseen circumstances occur from the state or local government, spending will be adjusted accordingly. In a worst case scenario, the MOUs/Agreements can be re-opened with the employee groups. District staff will be present to answer any questions you may have.

Recommendation

1. Open the Public Hearing and discuss the budget; receive any public testimony;
2. Adopt the final budget, by Resolution, in the amount of \$1,801,901.
